

**Attachment to March 16, 2009 Minutes
(re: factual error in 2/16/09 minutes)**

Attachment ~~re:~~ Feb. 16, 2009 Regular Meeting Minutes
(Per WCLUSD^{#15} Policy 2:220)

Subject: The minutes contains a factually inaccurate statement in the discussion under the first action item (page 3).

It should state:

" Discussion: One Board member stated that the one-year teachers contract is not in the best interests of the taxpayers because ① it gives retiring teachers a cash bonus of as much as \$33,000 each, which is more than a lot of people make. Also, ② it gives teachers who have 25+ years experience 25 sick days per year, which amounts to one sick day for every 6.8 days worked. She said that these two issues are significant from a financial standpoint and therefore she cannot approve the contract. This contract sets a new precedent in the area of sick leave. The school board member read a statement explaining her vote and asked that it be appended to the minutes per Policy 2:220)
