

Williamsville Junior High School has seen many areas of success in the past.

Some of the areas of accomplishment this past school year include:

- Continuation of school and community programs
- Continuation of revising curriculum guides in each of the subject areas
- Monitored the construction process, as we moved to completion of our new junior high school facility
- Continued improvement in math ISAT scores

As we look to the future, the staff at Williamsville Junior High School has set the following priorities:

- Continue with reading awareness among all students
- Develop writing activities with appropriate rubrics in all academic learning areas
- Work with the school board, architect, and builders during the last building phase of our new junior high school
- Continue parent involvement in school activities
