

Board of Education - Building Committee
Williamsville Community Unit School District #15
Williamsville, IL 62693
February 20, 2012
6:00 p.m.

Members present: Jack Caldwell, Dave Knox, Teresa Benner, Sandy Walden, Eric Long & Scott Stuewe

Administrators present: Dave Root, Janis Lindsey & Carolyn Assalley

Support Staff: Bob Tibbs

The meeting was called to order at 6:06 p.m.

Mr. Root and Mr. Tibbs brought forth to the committee information of future spring/summer projects for the district. The committee reviewed the needs for the middle school building and the need for the asbestos abatement of the building. In addition, the board was informed of various projects and new software for our HVAC system. The Board was presented a list of all the projects that were going to be conducted for the coming year.

The board recognized all the needs in the district, **reviewed** the projects proposed and bids associated with projects, and directed the superintendent and maintenance crew to move forward in addressing these needs.

The list of projects is included in minutes.

Meeting adjourned at 6:58 p.m.
