Today's theme is the Promotion of Mental Health and Wellness. Mental illnesses can affect people of any age, race, religion, or income. It is a medical condition that disrupts a person's thinking, feeling, mood, and ability to relate to others and daily functioning. According to the World Health Organization, 1 in 5 teens (ages 13-18) live with a mental health condition, and only about 20% of those get the mental health treatment they need. For our daily activity, please come sign the "Wall of Encouragement" during your lunch hour outside the cafeteria!
