Miscellaneous

~Today begins day two of National Prevention Week! Thank you all for your participation in our "Wall of Encouragement!"

~Today's theme is the Prevention of Underage Drinking and Alcohol Misuse. For today's activity, you may pick up a piece of poster paper from your PE teachers, and create an alcohol awareness poster. Please turn them back in on Thursday, either to your PE teacher or to the main office for judging! Make sure your name and grade are on the back! We will select one winner from each grade!

~Your fact to remember today comes from the Too Good for Drugs curriculum. "Alcohol negatively affects every part of the body it encounters, starting with the mouth, and continuing to the small intestine, the heart, the brain, and then finally the liver."

There is no safe amount of alcohol for any individual who has not yet reached their mid-20s. We look forward to seeing your posters! Good luck!~
