Miscellaneous

~Today is day 3 of National Prevention Week! Today's theme is the prevention of prescription and opioid drug misuse.

~Hopefully you picked up a trivia scavenger hunt before school this morning, but if not you can still get one from your PE teachers! Be on the lookout for the answers to the questions posted throughout the school this morning. Choose the right answer, and turn them in on your way into lunch! Ms. Stacey and Ms. Kaila will be here to collect them, and prizes will be awarded to one winner in each grade.

~Please remember to turn your alcohol awareness posters in to your PE teachers by the end of the day Thursday.

~Today's National Prevention Week fact comes from the Partnership for Drug Free Kids. One in 4 teens reports having misused or abused a prescription drug at least once in their lifetime, and young adults who abuse prescription medicines can experience dramatic increases in blood pressure and heart rate, organ damage, difficulty breathing, seizures, addiction and even death. Prescription medication is safe when used only as directed by a physician.~
