It's Day 4 of National Prevention Week! Thank you for your participation so far!

~Today's theme is the Prevention of Illicit Drug Use and Youth Marijuana Use.

~During lunches today, you will have the opportunity to play games to test your reaction time!

~Don't forget to turn your posters in to your PE teachers by the end of the day today, to be judged by the SAVE club at the High School. One winner will be announced per grade, and prizes will be awarded on Friday!

Today's fact is from the National Institute on Drug Abuse. Marijuana use can have a significant impact upon a person's ability to remember things that he or she has learned, and an association has been shown between regular marijuana use and a decrease in IQ points as compared with non-users.

Marijuana also impacts a person's coordination, judgment, reaction time, and motivation. You will be given a handout with even more facts about marijuana use during lunch today.
