Miscellaneous

It's the last day of National Prevention Week!

~Today's theme is the Prevention of Youth Tobacco Use.

~You will have an opportunity to complete an obstacle course during PE today, and then learn about the effects of tobacco use on a person's ability to do regular physical tasks.

~Thank you for all of your participation this week!

Today's fact is from the National Institute on Drug Abuse. Tobacco related diseases cause over 440,000 deaths in this country each year. These deaths are due to illnesses such as cancer, emphysema, and heart disease. Right now a pack of cigarettes can cost, on average, \$7 per day. This adds up to \$2,555 per year in cigarettes. That's enough to buy FIVE "X-box One X" consoles! Enjoy your obstacle courses today! Good luck and be safe!

Friday: Tobacco Prevention-Students dress in Black/White.

Students in Mrs. Mason's creative writing elective: Please bring homework or a book to read for class this afternoon.

Sports Biology: Mr. Buttry's Sports Bio class should dress and go to Mrs. Wherley's room today.
