ILLINOIS YOUTH SURVEY

Williamsville Schools are working with the *Center for Prevention Research and Development* at the University of Illinois to conduct the Illinois Youth Survey (IYS) at both the high school and junior high (8th grade only). The primary purpose of IYS is to better understand Illinois youth risks and protective behaviors as they relate to student problems and academic success. The survey will be administered to grades 8, 9, 10, 11, & 12 the week of Feb 26-March 2. The survey is completely voluntary and privacy will be strictly protected. Students will be given an electronic survey online and it will be completed in one class period.

The IYS questionnaire asks about: personal use of alcohol and other drugs, perception of risks, where accessed, consequences of use, approval or disapproval of use; students' feelings about their school experience; family and personal characteristics; family communication about substance use; feeling about self and moods; and other student health behaviors — food intake, exercise, height and weight. While the survey asks personal questions about illegal behavior, several steps are taken to protect the privacy of students participating in the survey. Students can skip any or all questions if they feel uncomfortable.

Collecting information from Illinois students has many benefits to youth in your community and throughout the state. Results are summarized by grade level and reported back to your school to help determine what programs may be needed to keep students safe and healthy. Obtaining full participation is very important to the ability of your child's school and community to continue to improve the programs and strategies to prevent youth problem behaviors and enhance youth development.

If you **DO NOT** want your child to participate in the survey, please notify the school counselor, Ashley Damery, at damery@wcusd15.org by February 23. If you have any questions regarding the project and wish to contact a staff person at the University of Illinois, please contact Nancy Flowers at [\(888\) 333-5612](tel:888-333-5612) (Illinois toll free) or email her at nflowers@illinois.edu

There's no one quite like your professional school counselor! To find out more about the school counselor's role and school counseling programs visit the American School Counseling Associations site: www.schoolcounselor.org -here you can find research examining the impact of school counselors on K-12 student outcomes.
